We endeavor to service our esteemed clients by being the most responsive and offering total packaging solutions to meet their specific requirements uniquely. We keenly foster long term business partnership by supporting our customers in their journey to sustainable market success.

Labels: Shrink Sleeves and Wrap Arounds

Kris Flexipacks is India's largest producer of Shrink Sleeves. We offer PVC and PET Shrink Sleeves in 30 – 80 micron range, in both Roll-form and Cut-form options. Our solutions include Matte, Metallic, and Twin Sleeves for Promotions and Profile Sleeves for Full Body decoration. We offer Wrap Arounds in Pearlised Opaque, Transparent & Metallic finish for Carbonated Beverages, Packaged Water and other suitable applications for high speed bottling lines.

Laminates: Rolls and Pouches

We provide a wide range of laminated structures using Pet, BoPP, CPP, Nylon, Al. Foil, PE, Paper, Coated Materials and Metallized Films. We have a state of the art facility for Printing, Lamination, Slitting & Pouching to supply laminates in both Roll-form and Pouch-form. With the strength of fully automatic 10 color gravure machines, we create lasting printing impressions. We have capabilities for in-house Blown-film production to ensure high quality and prompt service.

General Flexibles: Blown Films, Industrial & Retail Bags and Garment Bags

Our range includes Polybags, Industrial Bags, Shopping Bags, and Pick-up Bags. We manufacture transit and end-use bags for manufacturers as well as retailers. The Garment Bags are available in standard and custom styles, sizes, shapes, and densities that are made from PP, BoPP and LDPE. Well-known brands in countries across Europe, USA and South Asia have made us their chosen supplier.

Speciality Flexibles: Shrink Packaging and Printed Extruded Films

We are one of the largest extruders of Poly films made of LD, HM, LLDP resins. We manufacture LD films for Shrink Packaging for bundling & collation applications for both transit and retail usage. We also offer Surface Printed Multilayer Extruded Films for Bulk Commodities, Health & Hygiene, Homecare and Food Packaging applications.
